

Kathy Bego

Kathy Bego was among the first cohorts of Holy Cross Associates when she served in urban and rural Chile in the mid-1980s. Subsequently, Kathy worked in Haiti with Catholic Relief Services and then worked with refugees and immigrants in Richmond, VA. In addition to motivating her to pursue master's studies in cultural anthropology, these formative experiences have provided lifelong lessons in how Kathy approaches family life as a mother of five. Kathy is deeply invested in her Grand Rapids local community as the coordinator for the Notre Dame Club's Summer Service Learning Program and as a garden educator at Cook Library. For decades, Kathy has played an

active and vital role in the mission of Sparta Health Center run by her husband and fellow Holy Cross Associate Jack Schneider.
